lowden, Hamlin and Sherman Have Not Enough Supporters to Block Scheme of Administration, and Are Alarmed.

PEPUBLIC SPECIAL

Chicago, Ill., March 23.-A new danger is benacing the anti-Yates Republicans of Illnois, Chairman Fred H. Rowe of the tate Committee asserts that the Repubcan State Committee will meet the night afore the State Convention, and, acting s a Committee on Credentials, make up he roll of delegates for the temporary ganization of the convention.

The significance of this action, if it i ountenanced by a majority of the State Committee, lies in the fact that the Yates action is in absolute control of the State committee, and in countles where there ng delegations the anti-Yate action will be given short shift. It will hable Governor Yates to rule the temorary organization, and, with a good, ound gavel in the hands of a nervy aderent of Yates, it would be an easy mater to seat every Yates delegate whose slace is in contest.

Should precedent be followed, the several listrict members of the State Committee emporary organization to the contesting lelegation, which, in his judgment, is enitled to participate in the convention.
At the rate contesting delegations are eing manufactured, it is estimated they will be numerous enough if all of one facion is thrown out, to control the couven-The matter is giving the leading ion. They do not believe that they have enough friends on the State Committee to block the adminstration game. YATES'S TACTICS DISCUSSED. For example, Colonel Lowden points to the Rock Island Convention, where he had an overwhelming majority of delegates an overwhelming majority of delegates to the county convention, but the county committee, being dominated by the friends of Governor Yates, assumed the right to decide contests from the wards in Moline and Rock Island. Nearly all these contests were trumped up to furnish an excuse for a both, it is charged, and to embarrass the Lowden side. Down in Montgomery, the Yates element instituted contests in the two Litchfield districts for the same reason, and in Cumberland the Yates faction sent up a contesting delegation from Greenup, although in a minority. The contest in both these counties was between Yates and Hamilin. In Rock Island Lowden fought both Yates and Deneen.

was between Yates and Hamiln. In Rock Island Lowden fought both Yates and Deneen.

The rule of permitting the district State Committeeman to decide the question of temporary organization originated with Governor Tanner four years ago. It worked to the advantage of Hanecy in the aggregate that time. The counties in contest thus far this year, the factional predilections of the district committeemen and the votes at stake are as follows:

Fulton, fifteen delegates, John H. Pierce of Kewanee; probably anti-Yates. Randolph, eight delegates, Daniel Hogan of Mound City, who is a candidate for Secretary of State and believed to be anti-Yates. Rock Island, twenty-one delegates, James McKinney of Aledo; anti-Yates. Montgomery, nine delegates, William J. Butler of Springfield; anti-Yates. Sangamon, twenty-four delegates, William J. Butler of Springfield; anti-Yates. Cumberland, five delegates, but being a candidate for State Treasurer, he will probably dodge by giving each side half a vote. Mr. Small's district is unanimously anti-Yates. Marion, eight delegates, J. J. Brown of Vandalia; for Yates.

The Yates faction in Christian and Fayette have made preparations, according to Hamilin advices, to send up contesting delegations in the Governor's interest, and there will likely be others. Mr. Butler is district. Mr. Brown, one of the Yates leaders in the State, represents the Fayette district. Mr. Brown lives in Fayette and is doing his utmost to carry the county for the Governor.

JUDGE ROBERTSON WITHDRAWS. Will No Longer Seek Nomination for

Governor of Nebraska. Lincoln, Neb., March 23.-Judge W. W. Robertson of Norfolk to-day announced will hand delegate badges and tickets for his withdrawal from the race for the nomination for Governor.

He entered the campaign ten days ago but says now that there is no reason why he should stay in. The expected combine of the Harrison and Robertson forces against Governor Mickey has not come and the Governor has 303 delegates already pledged or promised to him. Five hundred and twenty-nine are needed to nominute.

Republican Politicians Concede That St. Joseph Gathering Will Be Lively.

KERENS, FILLEY AND AKINS.

Three Factors Which Must Be Considered in Naming Candidates for United States Senator and Governor.

Republican politicians are busy laying their wires for the State Nominating Convention to be held in St. Joseph July 27. That it will be no cut-and-dried affair like the delegate convention which was held in Kansus City Tuesday is conceded by every Republican familiar with the alignments and ambitions of the local and

With the knowledge that President Roosevelt had conferred plenipotentiary powers upon State Chairman Akins, the opposing faction practically "laid down," as a victory would carry no emoluments of patronage with it. Though the Ker-ens faction did everything to embarrass the bosses, they carried their fight no further than was necessary to keep the dele-gates interested and the leaders lulled into a fancied security.

The fact that Chauncey I. Filley re-

ceived one-fourth of the votes of the convention for delegate at large augurs poorly for a harmonious St. Joseph conven-tion. Provided that his entrance into

tion. Provided that his entrance into State politics again does not drive the old Kerens men into the Akins camp, it is no far-fetched prophecy to predict that he may be the balance of power in the St. Joseph gathering. In only two districts did he fail to have support in the Kansas City convention. Likewise, the votes which he did receive were unsolicited and came out of the goodness of heart of his old friends.

One of the fights of the St. Joseph convention will be over an indorsement of some Republican for United States Senator. If the plans of the Kerens following do not change, such a programme will be fought to the finish. They realize that if such action is taken in a big convention he will not be able to control the delegates. Give Kerens an opportunity to capture Republican legislators, and the opposition to him will readily acknowledge that he cannot be beaten.

CONTEST FOR GOVERNOR. CONTEST FOR GOVERNOR.

Another warm fight will be over the overnorship. At present it is probable that John H. Bothwell is in the lead. The Akins faction is generally beginning to realize that the chief boosters of Walbridge for Governor are Kerens men. Walbridge has accepted the vice presidential indorsement, and told inquirers that he was not running for two offices.

If the race should narrow down to a contest between Bothwell, Walbridge, Nortonl and McKinley, which is among the probabilities, some queer alignments may be made. Friends of McKinley expect support from the Walbridge boom, because there are friends of the Akins faction who will support McKinley and not Walbridge. If Filley is in the convention, and there is no reason to believe that he will not be an influence there, he will do everything in his power to keep the nomination from Walbridge, as old animosities will not die. Bothwell has always been regarded as not unfriendly to Filley. Likewise with Nortoni, It is generally thought that friends of Nortoni would rather go to Bothwell than to McKinley, provided Walbridge is out of the race. From a purely political point of view, Bothwell is now the strongest possibility.

Contrary to custom, it is not unlikely the server over the governorship. that John H. Bothwell is in the lead. The

body, but it was defeated by the Republican majority.

He is one of the lecturers in the law department of the Indiana University at Bloomington, and lives in the banner Democratic county in Indiana.

In one of the townships in Dubois County there has never been a Republican vote cast. The friends of Mr. Milburn say he will get most of the delegates from the southern Indiana counties to the State Convention.

ST. LOUIS COUNTY OFFICES.

Score of Candidates Desire Preference in Republican Party and Fight Is Getting Interesting.

The political situation in the Republican party in St. Louis County is beginning to get interesting. The disposition is to hold an early primary cobably about May 15.
For the circuit bench it is generally nceded that Judge John W. McElhinney, who is now filling out the unexpired term of Judge Hirzel, will be renominated without opposition, as he is said to be accept-

able to all factions. The best office, financially speaking, in St. Louis County is the collectorship. Louis E. Strothkamp of Ballwin, who twice ran against Collector Karrenbrock, has been canvassing the county for the last month in the interest of his candidacy. Fred L. Kerth, who has twice held the office of County Judge, is slated to oppose him. Kerth comes from Gardenville and represents the Second District.

The assessorship, another lucrative office, paying about \$5.00 a year, is being sought by J. A. Jacobsmeyer of Black Jack and Charles A. Stein of Ferguson.

For Sheriff, John W. Bellairs of Webster Groves, their deputy under Sheriff Hencken, and George Herpel of Mehlville are the only avowed candidates.

Former Justice Henry C. Helmering of Maplewood, John Kessler of Balwin, Herman Hackman of Creve Coeur and John G. Weber of Clayton have announced themselves as candidates for County Treasurer. twice ran against Collector Karrenbrock,

For Representative from the Second Dis-For Representative from the Second District there are as yet no avowed candidates, although John P. Ossenfort of Melrose has been asked to make the race. John Wiethaupt will be a candidate for renomination as Justice from the First District in the County Court. E. W. Rannells of Maplewood may also be a candidate. This was done at the request of the judicial candidates. Township primaries will be held May 7 for the election of delegates to a county convention, which will meet in Fayette May 2. Six delegates will be then elected to the State Nominating Convention.

The Committee on Rules and Regulations to govern the primaries made a partial report. One section of the report. Which was unanimously adopted, being seconded by one of the strongest Folk supporters in Howard County, who was a proxy committeeman, provides that the name of no delegate or candidate for State office shall be placed on the ticket until such candidates to said candidate, shall first pledge themselves to support the nonlines of the Democratic party of the nation, State, county and township, and that no person shall be permitted to vote at said primary unless he agree to the same. And further, the judges of the primary election have the right to have sworn any person offering to vote at said elections and request that said person offering to vote shall, under oath, state that he is a Democrat and will support all the nominees of the Democratic party. If any voter, when requested by the judges, refuses to take said oath, then his vote shall be rejected by said judges.

It is, in brief, that our road is to have 25 per cent of the tonnage of the Carnegie Steel Company, in or out bound." When it is considered that the gross tonnage of what is known as the Carnegie interests is as large as that of three trunk line railroads, the enormity of tonnage guaranteed to the Wabash may be understood. This has been estimated to amount to 4,009,000 tona equal to 100,000 carloads of forty tons each. If the average price is 32 per ton, and the tonnage amounts to 4,000,000 per year, the income from this one interest alone should amount to \$3,000,000.

Not the nerves we feel with, see with, hear with, but the inside nerves.
It is these that unconsciously operate the vital organs—the Heart, Liver Kidneys, Brain, etc.
When the inside nerves get run down, that organ which is weakest in the body loses its power to act properly.

Shelley Workers Cause Arrests of Alleged "Repeaters" Who, They Claim, Were Paid to Register Illegally.

EPUBLIC SPECIAL Kansas City, Mo., March 23.-Kansas City is having one of the warmest municipal campaigns of its history in the fight among Kemper, Shalley and Neff. Numerous ward meetings are held every night, at which the speakers make charges and counter-charges in a manner

never before known here.
There are about 43,000 voters in Kansa. City. Two years ago Mayor Reed was elected by only 800 majority. In 1900, when the Shannon faction controlled the nominations and it was charged that Reed did not support the ticket, McKinley carried

Of the vote which was returned in the pri-mary, Kemper received 4,400 votes and Shelley 4,100.

ARRESTS OF "REPEATERS." A feature of the campaign which has aroused more than passing interest and which is becoming one of the issues of the campaign is the action of the Shelley workers in causing the arrest of alleged repeaters of illegal registration. Shelley's lieutenants have gone out into different wards and succeeded in putting in fail men who have confessed to numerous registrations for which they were paid. Leon Jordan, proprietor of the Autumn Leaf Club, a negro resort, has been arrested for intimidating election officials. He refused permission to canvassers to investigate his place, from which forty-three voters had been registered. There were no beds in the place.

The election will be held April 5. It is claimed by the Shelley workers that at least 300 illegal names are on the registers. The present fight is to have these names removed.

Just what effect the local election will have on the gubernatorial fight is problematical. Reed does not control the court organization. It is probable that the fight for control of the Jackson County delegation will not begin until some time in June.

GRIP AND CONSUMPTION CURED BY DUFFY'S PURE MALT WHISKEY

Frances Moore, of Clarksdale, Miss., and R. Dorsey, of Washington, Had Grip and Pneumonia Which Developed Consumption. Both Were Cured by Duffy's Pure Malt Whiskey.

"Finally my doctor put me on Duffy's Malt Whiskey, and it saved my life," says Frances Moore.

"Two attacks of the grip left me with very weak lungs, a bad cough and conual pains in my chest. My condition was so bad last October that my family gave up hope. Consumption had fastened itself traon me. My doctor prescribed a number of different medicines, none of which helped me. Finally he put me on your whiskey. At the time I began taking Duffy's Malt I could scarcely sit up, and did not dare venture out of doors. In and did not dare venture out of doors. In less than a month it had cured the pain in my chest and my cough, and made me strong, healthy and vigorous in every way. My doctor says that Duffy's Malt Whiskey is the greatest thing for consumption and lung troubles that has ever been discovered, and I agree with him. It certainly saved my life."

FRANCES MOORE, Clarksdale, Miss.

"They said I'd die of consumption, but, thanks to Duffy's, I am to-day

as strong and healthy as any man living," writes Mr. Dorsey. "I caught cold and had grip, followed by bronchitis, with terrible pains in my lungs. Pneumonia set in and my doctor said nothing would prevent my dying of consumption. A cousin urged me to try DUFFY'S PURE MALT WHISKEY, which had cured nim of pneumonia. The Only Certain Cure for Lung Diseases.

Duffy's is a gentle invigorator, tonic and stimulant, which enriches and purifies the blood, strengthens the circulation, aids digestion so that you can get from food all the nourishment it contains. It tones up the nerves and heart, invigorates the muscles and replaces diseased tissues.

For 50 years over 9,000 doctors and hospitals have prescribed and used Duffy's Pure Malt Whiskey for all diseased, weak-ened, wasting conditions. It is invaluable for overworked, run-down men, delicate women and sickly children, and in malaria and all low fevers. Contains no fusel oil and is the only whiskey recognized by the Government as a medicine. This is a guarantee.

CAUTION—When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrapulous dealers, mindful of the excellence of this preparation, will try to sell you cheap imitations and malt whiskey substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful. Demand "Duffy's" and he sure you get it. It is the only absolutely pure Mait Whiskey which contains medicinal, health-giving qualities. AVOID SUBSTITUTES

"I can truly recommend Dr. Bull's
Cough Syrup as the best remedy I have ever
used in my family. The children all had the
messlet, and it cured them and the troublesome cough in a short time. I have used
many kinds of medicines, but Dr. Bull's
Cough Syrup is the best." Mrs. P. A. Dilla-

It is dangerous to experiment with the life of your child. Do not take the dealer's substitute; it is generally worthless. Insist on having Dr. Bull's Cough Syrup, the most reliable remedy made. Measles Cough

Mothers it is your fault if your children grow up and have weak lungs. By neglecting your children when they are sick with the measles or a heavy cold, their lungs will become

weak, which is the first step to consumption. The number of consumptives is increasing every year in this country. Don't let your children be among these unfortunate ones.

Messles attack every child, and besides the little red eruptions appearing on the body, there are certain
